NEIGHBORHOOD WATCH is, after all, hardly a new idea; in fact, it is based on one of the oldest and simplest concepts known to man-neighbor helping neighbor. And when neighbors get together and cooperate with law enforcement, crime CAN be reduced. Numerous convicted burglars have admitted that they are simply not prepared to take the added risk of working in NEIGHBORHOOD WATCH-protected communities.

The City of Norton Police Department would like to invite you in taking part of a neighborhood watch program in your area. This program can help reduce crime in our City while increasing a sense of security and well being for ourselves and neighbors alike.
